Compelling Video Presence

Are you confident and credible on camera?

Or does your 'Video Presence' let you down?

This applies to all your conversations, meetings and presentations as well as speeches in the Chamber and debates on TV or online.

Compelling Media Interviews

Whether it's TV, radio or online interviews – or being 'door-stepped' – you need to keep your composure, know what to say (very briefly) and what NOT to say.

Remain composed. Get your message across. Use soundbites. Answer the question **you** want to answer.

Courtroom Litigator

Scott qualified as a Barrister in 1990 and has appeared in various Courts and Tribunals. He can share his expertise in delivering short and long powerful, compelling presentations, with Gravitas. You can learn techniques for Thinking On Your Feet and Speaking Off-the-Cuff with little preparation, and excellent Parliamentary debating.

European Champion Debater

As a Law Undergraduate Scott won trophies for individual and team 'mooting'. As a member of a young active citizens global network, in over 100 countries (JCI), Scott was European Debating Champion and trained numerous World Debating Champions. This is an essential skill for Parliamentarians.

Professional Speaker

Scott is a Member of the PSA - Professional Speaking Association of UK and Ireland. He was President of PSA Scotland in 2019 and awarded the inaugural 'Spirit of Joy Award' for leadership and support.

Scott delivers interactive training and coaching sessions, in person or virtually online. You can transform your presentations and speeches with structure, impact and powerful delivery.

121 and Executive Coaching

As a mentor, Scott can inspire and educate those who need help and direction, not simply drawing out their own inner brilliance.

Not because you
are weak...

Because you are
ready to grow.

The Powerful Parliamentarian™ Programme

Helping Politicians To Be More Compelling

In Person, On Video and Online

Scott has also been delivering interactive training sessions for over 15 years. In all his speaking and coaching work, Scott brings the skills of the legal world into the business world and, now, into your political world.

**"From complete novice
speaker to World Champion
Debater in only two years!"**

I would not have the skills or confidence in speaking today if it were not for Scott Johnston.
